

MY TRIP IN OMAHA, NEBRASKA

Hey ! I just want to say: thank you! Because I was, before my trip a little shy with the language and other people. I just didn't want to speak because I wasn't sure about my accent, or how I needed to make my sentences. But now my vocabulary, my comprehension and discussion are better than ever!

I learned a lot during my trip. The family was so nice, they love all that I love too. I was shy with foreign but the thing is to be alone during 3 weeks or in the plane made me less shy, more sociable and sure of myself! Audrey, my exchange student was before knowledge but now she is like my sister, "My American Sister" I can speak with her as I speak with my French friends and can have a very long and difficult discussion with her about every subject and I love to speak with her.

I know now a new culture, new daily days and another way of seeing life; I visited so many beautiful places like the landscapes, towns, shops, typical restaurants and so many things. I hope I will go and visit her again soon.
